

www.daikinapplied.com

Complete line of Daikin HVAC Products including: Magnetic Bearing Chillers, & High Efficiency RTUs.

www.daikin.com

VRV-Variable Refrigerant Volume for advanced zoning capabilities that enhance energy efficiency.

www.lennoxcommercial.com

Complete line of Commercial-Roof Top Systems & Split Systems.

MECHANICAL SOLUTIONS - A Division of Ewing/Kessler, Inc.

WWW.EWINGKESSLER.COM

www.ekautomation.com

Building Automation Refrigerant Systems and full line of Siemens control products.

Global Plasma Solutions

www.gpshvac.com

GPS is the market leader in bi-polar ionization systems that remove pathogens and odorous compounds from the air. This improves indoor air quality and saves energy by reducing the amount of outside air per ASHRAE 62.1.

Multistack

<http://www.multistack.com>

Modular Design products: Mag-Lev, Scroll, Centrifugal, Heat Pump, Heat Recovery and Air Cooled.

ABB, Inc.

<https://new.abb.com/drives>

ABB dominates the HVAC market through their technology and application of variable frequency drives.

International Environmental

www.iec-okc.com

Industry leader in hydronic fan coil solutions. Applications for commercial, residential, hospitality and educational.

REYMSA

www.reymsa.com

CTI certified cooling towers. Market leader in fiberglass constructed towers. Superior corrosion resistance. Seamless basins. Low sound options.

Desert Aire

www.desert-aire.com

Dehumidifiers and dehumidifying equipment for every environment, including DOAS and pool applications.

SkyBlade

www.skybladefans.com

HVLS (high volume low speed) fans. Skyblade has the most complete line of HVLS fans in the industry.

Semco

www.semcohvac.com

Heat recovery products designed for improving indoor environments.

Thermotek

www.thermotek.com

Direct-fired heating units, including 100% outside air applications. Indirect-fired heating units.

Seasons 4

www.seasons4.net

Custom and Direct Replacement Package DX units and Air Handlers. From 5.5 tons to 600 tons, air-cooled, water-cooled, and evaporative condensed. Also, low dewpoint solutions.

Blender Products

www.blenderproducts.com

Dynamic mixing devices that effectively mix outside and return air, eliminate freeze stat trips and frozen coils, and require no additional length for the air handling unit.

Badger Meter

www.badgermeter.com

Market leader in water measurement meters. Ultrasonic, electromagnetic and insertion types. Very accurate and reliable.

Sage Metering

www.sagemetering.com

High quality gas flow meters. Direct mass flow, in-line and insertion types.

Marvair

www.airxcel.com

Packaged, wall and floor mounted, self contained packaged HVAC units. Ideal for schools, telecom buildings, industrial and general purpose use.

AAF|Flanders

www.aafintl.com

World's largest manufacturer of air filtration solutions, including HEPA and ULPA filter systems. Low air pressure drop options.

Carel

www.carel.com

Full range of humidification products. Electrode, resistive and gas fired steam, ultrasonic and adiabatic humidifiers.

Haakon Industries

www.haakon.com

A world leader incustom designed and built applied HVAC equipment.

Ebtron

www.ebtron.com

Thermal Dispersion Measurement products for highest accuracy air flow measurement, proper building pressurization and contaminate dilution.

Friedrich

www.friedrich.com

VTAC market leader. ASHRAE 62.1 compliant PTAC's (FreshAire). VRP packaged one piece VRV systems

Johnson Air-Rotation Systems

a division of ARIZON

www.johnsonairrotation.com

Market leader in air rotation systems for large, open buildings, manufacturing & distribution warehouses.

Heatcraft

www.modine.com

Heat transfer coils, custom replacement coil, booster coils, and heat transfer bundles.

Climate by Design

www.cdihvac.com

Pre-Engineered and Custom engineered desiccant dehumidification and HVAC products for commercial and industrial application.

STULZ

www.stulz-usa.com

Energy efficient temperature and humidity management technology, specifically for mission critical applications including computer room air conditioning

Systecon

www.systecon.com

Packaged pumping, controls and modular central plant solutions.

Q-PAC

<http://www.q-pac.com>

Manufactures direct drive plenum fans with integral electronically commutated (EC) motors.

Applied Air

www.appliedair.com

Packaged Dedicated Outdoor Air Systems (DOAS) and ventilation equipment. Direct gas fired and indirect gas fired systems. Direct and indirect evaporative coolers and air curtains.

Dectron

www.dectron.com

Indoor air solutions for pool cooling and dehumidification.

APC

www.apc.com

InRow cooling solutions, racking systems for a high-density IT environment. Complete line of CRAC systems.

UVDI

www.uvdi.com

UV lights for surface and air treatment.

AboveAir

www.aboveair.com

Mission critical cooling. Split and packaged dedicated outside air systems and self-contained HVAC units.

Oxygen 8

www.oxygen8.ca

Low profile DOAS air handling unit with Daikin VRV integration and ECM fans. ERV core with no moving parts.
